Hiring | Training | Development | Retention

In a complex market, having an integrated solution has become business critical. Together we are delivering unique people solutions.

Our **UNIQUE BLEND** of IT and digital skills specialists across apprenticeships, training and recruitment means we can supply solutions to the challenges faced in developing and retaining digital talent.

Maximise Your Levy

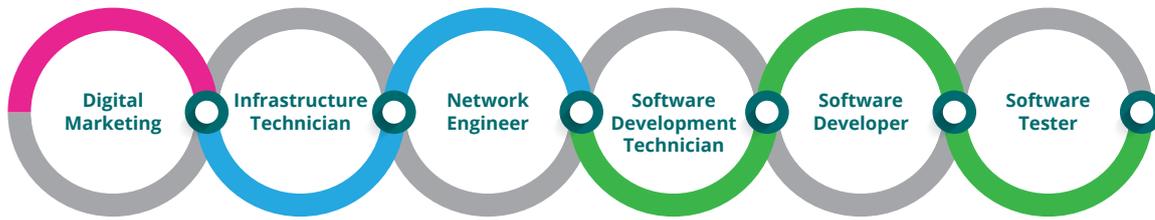

Our team of experts can define a strategy and develop training plans that allow organisations to make the most of the apprenticeship levy - genuinely adding value to your L&D.

Find & Retain Talent

We find and develop great talent through our award-winning recruitment team and through our in-house training programmes that deliver fully qualified and job-ready candidates.

Our programmes have placed thousands of people in jobs and met the needs of clients across multiple sectors. We know the skills industry, we see the staffing challenges faced by our clients, and we have the solutions. Proven!

Apprenticeship Programmes Available

Thousands of companies have developed their teams and individuals through our bespoke training. The programmes we have designed deliver the latest skills required by organisations in the digital era that add tangible value to a workforce.

Training Options

As a specialist government-approved apprenticeship training provider we have the scope to work with businesses of all sizes and complexities, from those looking to invest in individual courses, to large enterprises implementing full-scale workforce development plans.

Apprenticeship Programmes Available

With over 16 years' experience in recruitment, specialising in the IT and digital industry, we know how and where to seek out candidates that companies struggle to find. Our industry recognition for finding amazing has seen us shortlisted for the Recruiter Awards in 2016 and 2017 and we have been awarded 'Great Place To Work' in 2015, 2016, 2017 and 2018.

JITR Divisions

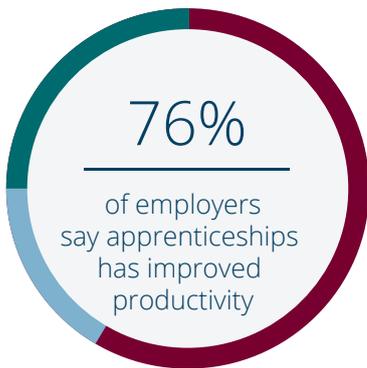

BRIDGING THE SKILLS GAP

JUST IT

" I have been working with Just IT for three years, and the most pleasing aspect is the care they show for their clients. I have used other apprenticeship suppliers, and no others come close to Just IT in terms of taking the time to show that they care about what they do and providing a quality service."

Tom Watson | Service Desk Manager - DSP

RETAINING TALENT

SKILLS TEAM

" Skills Team's innovative way of delivering was great for us. It meant the programme could be delivered across multiple sites, with a learner journey focused on developing people which we feel has given real value added to our Trust by improving the management skills of staff."

Robert Brooks | Strategic Workforce Development Manager - Moorfields Eye Hospital

SOURCING THE BEST PEOPLE

JITR

" JITR established an understanding of what our business does, and this helped ensure they could find us the right people for the business. The relationship JITR build with us is one of their USP's - they get us, get our business, and most of all get us the best-qualified people."

Chris McCafferty | Service Desk Operations Manager - Omnicom
